user manual

iTaste EP

WARNING

Please keep out of reach from children and pets.

Do not immerse battery in liquid, fire, or extreme heat.

Please read this section carefully to ensure you receive maximum benefits from your iTaste EP and enjoy vaping with it in the most safe and effective ways possible.

1. This Advanced Personal Vaporizer may be used with e-liquids that contain nicotine. This product is only intended for use by adults of legal smoking age (18+) and should not be used by children, women who are pregnant or breastfeeding, or persons with or at risk of heart disease, high blood pressure, diabetes or taking medicine for depression or asthma, or who otherwise may be sensitive to nicotine. Nicotine is addictive and habit forming, and it is very toxic by inhalation, in contact with the skin or eyes, or if swallowed. Ingestion of the non-vaporized concentrated e-liquid ingredients can be poisonous. Keep away from children and pets.
2. This Advanced Personal Vaporizer may be used with e-liquids that contain nicotine, a chemical known to the State of California to cause birth defects or other reproductive harm. **Please check with your e-liquid provider.** (For products sold in California.)
3. This Advanced Personal Vaporizer is only designed to be used with high quality e-liquid. **Please check with your e-liquid provider.** This device is not intended for use with loose tobacco leaf or herbal substances.
4. This Advanced Personal Vaporizer has not been evaluated by the Food and Drug Administration and is not intended to treat, mitigate, prevent or cure any disease or condition. This product is not intended for use as a smoking cessation device.
5. This product is intended for use with the charger provided with the unit. We recommend you always use a high quality 5V 500mA USB wall charger (CE/UL Certified). Use of unauthorized chargers may lead to overheating and possible burning of items in contact with the unit. Innokin Technology is not responsible for battery and charger explosions, fires or malfunctions due to the use of a low-quality charger. This product does not come included with any wall charger .
6. This Advanced Personal Vaporizer does not come included with car charger or car charger adapter. This device is not designed for use with a car charger. Use of unauthorized chargers may lead to overheating and possible burning of items in contact with the unit.
7. All empty clearomizers must be disposed of properly and out the reach of children and pets.
8. This Advanced Personal Vaporizer includes small parts such as the mouth piece. Always keep any small parts out of reach of children and pets to prevent swallowing or other harm.
9. Obey local laws or regulations regarding Electronic Cigarettes when vaping. If you are in an area where there are any bans or potential dangers, please do not use your Advanced Personal Vaporizer.
10. Do not misuse, mishandle or store your Advanced Personal Vaporizer improperly. Even though it is made of high quality stainless steel it may become damaged when dropped or otherwise mishandled.
11. Do not drop, throw, or mishandle your Advanced Personal Vaporizer as the outer shell or inner components may become damaged. If the shell of the device becomes damaged or the structural integrity of the battery becomes compromised, discontinue use immediately and contact your Authorized Innokin Technology Vendor.
12. In order to prolong the operation of your Advanced Personal Vaporizer, please do not place or store in excessively hot or cold environments.
13. Your Advanced Personal Vaporizer is not waterproof. Keep it dry at all times. Do not submerge this device or expose it to moisture.
14. Keep your Advanced Personal Vaporizer away from sources of excessive heat or cold as damage may occur.
15. Do not attempt to repair the unit by yourself as damage or personal injury may occur.
16. In order to guarantee the normal functioning of your Advanced Personal Vaporizer,and maximize the pleasure of vaping, we strongly advise that you charge the battery when the power level drops below 10 percent.
17. Do not leave the battery depleted for long periods of time between recharging or the battery capacity may be decreased.
18. Do not leave this device unattended while charging.
19. IIf the device becomes excessively hot, discontinue use immediately and contact your Authorized Innokin Technology Vendor.
20. If the device will not power off, discontinue use immediately and contact yourAuthorized Innokin Technology Vendor.
21. If the device functions in a way which is not stated in the manual contact your Authorized Innokin Technology Vendor.
22. As this device has an internal Lithium Ion Battery, the lifespan of the product will belimited.

Warranty

Innokin's warranty only applies to official Innokin approved resellers. Please contact your place of purchase for their warranty and return policy.

MAIN FEATURES

Short Circuit/Atomizer Protection:
Short Circuit/Atomizer Protection protects the iTaste EP against shorted atomizers, and will stop the unit from functioning in unsafe conditions.

Over-Discharge Protection:
The iTaste EP monitors the battery voltage and will automatically turn off when the battery is discharged.

Battery Level Indicator:
The iTaste EP battery capacity is displayed via green, yellow and red LED lights.
Green = Fully Charged
Yellow = Half Discharged
Red = In need of charging

Large battery capacity:
The ITaste EP e-cigarette has a built-in 700 mAh polymer Li-Ion rechargeable battery.

ON/OFF battery switch:
Quickly clicking " ⏻ " three times will enable the iTaste EP for normal function. Once enabled, holding down the button will activate the unit to power the atomizer.
Disabling the iTaste EP stops the atomizer from turning on while stored in your pocket or bag.

10 seconds cutoff:
If the activation button is held for 10 seconds or longer, the iTaste EP will stop activating until the button is pressed again.

The iTaste EP comes with an atomizer called a "Clearomizer". The Clearomizer combines an atomizer (heating element), a juice container, and wicking system. The clear tube allows you to see your juice levels. Fill before each use, and refill when low.

CHARGING ITASTE EP

The color of the LED light indicates the remaining battery level. Once the iTaste EP is fully recharged, the LED lights will turn off.

To Charge battery, gently screw battery into the USB Charger, and Plug the USB Cable into a USB wall charger or computer. The battery LED button color indicates the charge level. (see above)

HOW TO USE

Ensure the system is fully charged and assembled correctly. Make sure the battery is enabled and your clearomizer filled.
Quickly clicking the " ⏻ " button three times enables the battery. Once enabled, holding down the button will activate the battery.
Simply inhale slowly while pressing the LED button on the battery. You will feel and taste the vapor gently moving into your mouth. Let the rich vapor collect in your mouth and enjoy the taste.

Notes:
Replace the atomizer if vapor volume decreases, or refill when the liquid levels are low.
The manufacturer is not responsible for a damaged atomizer, cartomizer or clearomizer.
Never use your iTaste EP without an atomizer, cartomizer or clearomizer.
Please consult your atomizer documentation for proper usage instructions.
Use the iTaste EP only as intended.
